STANDARD VS. NESHANNOR — OUR BOYS SHOW THERE WORTH, AND TRADIT THE VESTORS A LESSON.—There was a rather alim crowd in attendance at the Fair Grounds yesterday to witness the above game, but this may be accounted for by the threatening state of the weather and also by the general belief that the Nocks would gain an easy and uninteresting victory. But "the best laid schemes o' mice and men gang aft agley," and so it proved yesterday. Both teams appeared upon the field in good condition, and from the first they played with a determined will; but Vennum's pitching, Summers' catching and the magnificent fielding of the rest of the rine soon began to tell upon the visitors, for hit where to tell upon the visitors, for hit where they would and try what they could it was of no avail, and when the nine innings were through their score was non est and they took a look. The batting of the Standard boys was superb, and in it they they took a look. The batting of the Standard boys was superb, and in it they showed strength that is rarely found anywhere. Their fielding was conceded by all present to be the finest that they had ever done, there being in it some very brilliant and remarkable plays, and not a single error that counted against them to any extent. The Neshamocks played fully as good a game as on Saturday, their fielding being more brilliant, yet having a few more errors, and their batting being quite as strong, as will be seen by reference to the two scores.

two scores.

The intense excitement and enthusiasm The intense excitement and enthusiasm over the brilliant plays of both nines was grand to behold, and we regret that owing to the lack of space we are unable to give a fuller report of the game. Some who were not witnesses of the game think that it was a give away, but if they will think for a moment that every run the Neahannocks made on Saturday was upon errors of the Standards, they will fully understand that the reason they made no scores yesterday was because they had no errors to depend upon. Below we give the score: the score:

ATTEMPTED BURGLARY.-An attempt ATTEMPTED BURGLARY.—An attempt was made to burglarize the job printing office of Gen. James Ewing, on Market street, Sunday night. Night-watchman Edwards, while standing near the McLure House, heard a noise down street as if some one were trying to forces door, and hurrying in that direction saw a man leaving the building occupied by Mr. Ewing. Edwards started in pursuit, but the iman, whom he did not recognize, quickened his speed and soon got out of the way. Upon examination, the sash over the door of the printing office was found pushed out of its place, the would-burglar net having succeeded in effecting an entrance before he was interrupted. A few days ago a handsome sign belonging to this office was mutilated by some unknown.scoundrel.

CLIFTON NAIL COMPANY.—The Secretory of State yesterday issued a certificate of incorporation to the Clifton Nail Company, for the purpose of manufacturing iron and nails, at Clifton, Mason county, to expire on the 5th day of August, 1896. The sum of \$100,000 has been subscribed and paid on the capital stock, with the privilege reserved of increasing the said capital by sales of additional shares to \$300,000. The capital so subscribed is divided into shares of \$100 each, and held as follows: H. H. Swallow; of Clifton, 300 shares; Wm. C. Rathburn, of Chattanooga, Tenn., 250 shares; Geo. E. COURT HOUSE AND JAIL. The Committee on Court House and Jail reported bills aggregating \$115 95, which were ordered paid. John B. O'Neal, Constable for Union district, having failed to file his bond in accordance with the law, the committee recom-mended that the office be declared vacant. THE WELSH REWARD.

The special committee to whom was referred the subject matter of the reward offered for the apprehension of Thomas Welsh, reported that if any reward be legally payable to any one out of the county treasury, it is due to John Haley, of Benwood; but the majority of the committee were of the opinion that meither the Prosecuting Attorney nor any Commissioner or Commissioners of Ohio county, without having first met for that purpose as a body at the Court House of the county, according to law, have a legal right to offer rewards, or otherwise order the people's money to be paid oùt of the county treasury, upon any pretense whatever; and should the Board have met for the special purpose of offering a The special committee to whom was the county treasury, upon any pretense whatever; and should the Board have met for the special purpose of offering a reward in the case referred to, or in any other case, and made a matter of record, then even in that case the committee have grave doubt as to the legality of such order, as the committee can find no law authorizing the Board of Commissioners to offer such rewards, but that it is a matter left entirely to the discretion of the State authority. The committee therefore recommend that the Commissioners determine the legality or illegality of the same.

Mr. Bayha moved that the report be received and filed. The ayes and nays were called, with the following result:

report for the month of July, viz.: number of inmates, 88; white males, 48; do females, 23; colored males, 24; do females, 25; births, one white male; deaths—Charles Burns (white). Report placed on file.

Mr. W. C. Smith, deneral Superintendent of roads, reported that the macadamizing on the various roads under contract is about one-quarter done, being distributed although not broken. This month's estimate, he thinks, will coverabout one-half the whole amount contracted for. The Pogue's Run road is nearly completed and will be entirely so both as to graduation and masonry by the first of September. The appropriation for repairs on first division, Greggsville, Clinton and Potomac, is about exhausted, and work under the contract has been suspended. Masonry, on the second division G. C. & P. is completed. The orders of the Board for the construction of two culverts on Campbell's Hill, W. W. L. & B. pike, and the execution of other needed repairs on the first division of that road, have been complied with. The establishment of a new boundary between Hitchie and Triadelphia districts was completed on the 2d inst. A heavy sain which occurred some two weeks ago undermined a portion of the culvert at Wegenecht's, on the Fairmont pike, rendering the road unsafe. This case requiring immediate action, Mr. Smith put the mason work under contract with Mr. A. Yocke at \$2.75 per yard. The probable cost cannot be exactly estimated at this time, but it will pot fall short of \$300. The report was adopted.
